ABOUT ME

Motivated and enthusiastic Computer Science Engineering student seeking an opportunity to apply technical skills in software development, IoT, and emerging technologies while contributing effectively to organizational growth.

EDUCATION

B.E. Computer Science and Engineering

Arunachala College of Engineering for Women

Year: 2023 – 2027 CGPA: 8.3

Higher Secondary Education (State Board)

Little Flower Girls Higher Secondary School
percentage: 85%

TECHNICAL SKILLS:

- Web Development
- IoT Basics
- Software Testing in BDD with Cucumber
- Programming – C
- Programming – Python

INTERNSHIPS :

Shristi Innovation Education Services | UI/UX intern

Learned UI/UX basics like wireframing and prototyping.
practiced designing user-friendly web and mobile interface.

PROJECT:

MUMMY'S COOKING BUDDY-IOT Project

Developed an IoT-based cooking assistant that monitors temperature and whistle sound. Helps prevent food burning and supports energy saving in homes.

CERTIFICATIONS & TRAINING:

- Cloud Computing,NPTEL.
- HTML,CSS and JavaScript for Beginners.
- Agile Project Management ,HP Foundation.
- Continuous Integration and Development-DevOps, Infosys springboard.
- Modern Full Stack Web Technology,Skill Sync.

PAPER PRESENTATION:

- **Technologies for Sustainable Development**

Presented at National Conference on Multidisciplinary Research and Emerging.

- **INDUSTIAL IOS: Tranforming Operations with apple technology**

Presented applications of iOS technology in industrial operations.

Highlighted mobile solutions for efficiency and automation.

TECHNICAL ACTIVITIES:

- Actively participated in multiple symposiums.
- Participated in paper presentations
- Competed in coding contests and hackathon.
